

26th NC Approved Vendor List

We ask that each new recruit contact a member of the Authenticity Committee before making any major purchases. While the vendors listed below are known to be quality purveyors of reenacting goods and gear, our organization cannot guarantee the results one may achieve. We strongly advise to not settle for cheaper, second-rate goods. Gear will inevitably be exposed to the hard rigors and strains of 19th century military duties. As such, buying quality gear *first*, however more expensive, will save you money over time as subpar equipment is short-lived and prone to failure. Additionally, most quality gear is made in the United States by American hands, whereas cheap equipment is typically made overseas from cheap and flimsy materials. Keep this in mind when purchasing approved gear, knowing it supports small businesses whose items are still made by the hard-working American. The following list is for your convenience:

Uniforms

Note: For those of you who prefer to do your own sewing and needlework, most of these vendors also provide their garments in an unfinished form, either as a blank or a markup kit. All you have to do is ask. . .

*Recommended fabrics include Tart's Drab Jean (Synthetically dyed, won't fade) and Tart's Logwood Jean (Naturally dyed, will fade)

Jackets

Richmond Depot Type II jacket (Required)

Ben Tart - <https://www.bnbtart.com/index.html> (also offered as a blank or kit)
